Comprehension

None	Limited	Partial	OK	★Decent	Good	High	Great	Near-perfect	Perfect

Tenses

Basic	Simple	★Partial	Strong	Advanced	Teacher

Pronunciation

Poor	Inadequate	★OK	Good	Great	Native

NOTES

Mai has made a lot of progress throughout her course with Modulo. She started as a relatively shy English speaker, who had studied grammar and sentence structures before, but never had the chance to practice. She was initially timid and fearful of making mistakes, but I am happy to say that this is no longer an issue. Mai's greatest improvements have come through a stronger knowledge of key vocabulary, vastly heightened fluency, clearer pronunciation and better tense fundamentals.

As Mai continues to study with Modulo Language School, we will work on improving her listening comprehension, so she reaches a personal goal of being able to listen to (and understand) American movies and TV shows without the use of subtitles. Moreover, we believe there is still room for growth in Mai's spoken and written grammar, as she occasionally makes mistakes which are below her level. We think these will be easy to address, and should lead to Mai becoming a much better overall English user.

Focus: **1**. Spoken Grammar **2**. Listening comprehension **3**. Advanced tenses
